## Customers using the AOS Solution

### Delivery Service

*"using it in all vehicles, 2 years now, works great"*

### Manufacturing Services

*"AOS delivered and then some..., great service and support along the way"*

### VP Sales & Service Manufacturing

*"nothing worries me more than having 50+ vehicles on the road & not being able to manage that environment. We no longer present this as an option for our employees but rather an obligation to improve our service and reduce our costs, thanks to AOS"*

### Trucking Services

*"the solution was simple to set up, plug in, AOS loaded up our current data base, started using the solution in minutes. The coding of vehicle status is a great feature. The all inclusive plan for product, data, dashboard and support was straight forward. We like the fact we can go to AOS directly for help"*

## The Benefits...

Cost effective, fully featured, one stop solution from AOS, protect your assets, reduce litigation costs, improve customer satisfaction and more...

Fleet Management Software
